👨‍💼 PROFESSIONAL SUMMARY

Frontend Web Developer with 5+ years of experience building performant, user-focused interfaces using JavaScript, React, and modern web technologies. Proven success delivering high-impact UI features for global gaming companies. Strong grasp of MERN stack, agile workflows, and accessibility standards.

Career Note: *Took a personal family-care break (Jan 2024 – Apr 2025). During this period, upskilled via advanced MERN stack courses and contributed as a freelance AI UI contributor.*

💼 WORK EXPERIENCE

FREELANCE AI CONTRIBUTOR – OUTLIER AI (REMOTE)
June 2025 – Present

• Contributed to **Project: Andromeda UI**, producing golden standard **React/TypeScript** code for LLM model training.
• Delivered **pixel-perfect UI/UX** components with accessibility and semantic best practices.

SOFTWARE ENGINEER AT FREAKS 4U GAMING GMBH, BERLIN, GERMANY
January 2021 – December 2023

• Developed scalable, responsive web features for esports and gaming platforms using **Smarty Template, SCSS, JS** and **PHP**.
• Migrated a legacy monolithic app into a modular **MVC** architecture, improving load time and maintainability.
• Built a fully responsive quiz app for Deutscher Zoll using **React**, significantly improving user engagement.
• Spearheaded **UI/UX feedback** loops across teams, reducing project approval time by **30%**.
• Practiced **Agile-Scrum** with bi-weekly sprints, closely collaborating with QA, designers, and product managers.

WEB DEVELOPER AT GAMIGO AG, HAMBURG, GERMANY
August 2018 – Mar 2020

• Designed and maintained mobile-first landing pages and corporate websites using **HTML**,**CSS3**, and **jQuery**.
• Led end-to-end redesign of 7+ websites, resulting in better **SEO** rankings and improved bounce rates.
• Developed internal asset management tools using **Angular 2+** and modernized **WordPress themes** for scalability.
• Built **Outlook-compatible** email templates using **table-based layouts**, ensuring consistent rendering across clients.
